O R D E R

On August 19, 1993, Columbia Gas of Kentucky, Inc. ("Columbia") filed a motion requesting authorization to deviate from 807 KAR 5:022, Section 8(2)(c).¹ Columbia proposed to require, at its discretion, customers who contract for interruptible service to pay for daily demand measuring devices and allow Columbia to own these devices.

On November 17, 1993, Columbia filed with this Commission a motion to withdraw its application and its request to deviate from 807 KAR 5:022, Section 8(2)(c). Columbia asserted that its proposal requires additional internal evaluation. Columbia also requested to withdraw its pending request for approval of tariff sheets 14, 18, 40, and 41. Columbia requested to be relieved from the obligation of responding to Commission requests for information

¹ 807 KAR 5:022, Section 8(2)(c), states: The utility shall make no charge for furnishing and installing any meter or appurtenance necessary to measure gas furnished, except by mutual agreement as approved by the Commission in special cases or except where duplicate or check meters are requested by the customer.

dated November 11, 1993 and from attending the informal conference that was scheduled for November 23, 1993.

After considering the evidence of record and being otherwise sufficiently advised, the Commission finds that Columbia's November 17, 1993 motions should be granted.

IT IS THEREFORE ORDERED that:

1. Columbia's request to withdraw its August 19, 1993 application for authority to deviate from 807 KAR 5:022, Section 8(2)(c), is approved.

2. Columbia's request to withdraw proposed tariff sheets 14, 18, 40, and 41 is approved.

3. Columbia shall be relieved from any further compliance with the Commission's November 11, 1993 Order.

Done at Frankfort, Kentucky, this 16th day of December, 1993.
